The Calder & Hebble Navigation at Brighouse

- ① The original route as planned by Smeaton and opened by 1767, with a single deep lock at Brighouse.
- ② The 1780 extension and flood gate as planned by William Jessop.
- ③ The extension to Freeman's Mill planned in 1805, with a flood lock at its upper end.
- ④ The single deep lock was replaced by two shallow locks in 1822.
- ⑤ The canal extension towards Elland authorised in 1824.
- ⑥ The canal basin and arm built around 1835.
